

Poll Question Results: LucidTalk – BELFAST TELEGRAPH POLL PROJECT - May 2012.

Standard Results - referenced by Residence area, Gender, Socio-Economic group, Age-Group, and Religion.

The enclosed results show the summary results from the 14 Poll Questions agreed with the Belfast Telegraph as part of the current Northern Ireland Poll Project. The Poll was carried out by LucidTalk Limited, who interviewed a random sample of 1,267 Northern Ireland residents, aged 18+, who were resident in 6 selected areas of Northern Ireland referenced by Post-Code area (see below). The Poll was carried out by telephone between May 6th & May 26th 2012.

The results have been weighted to be representative of the whole adult population of Northern Ireland.

LucidTalk are members of the British Polling Council (BPC) and follow professional Polling and Market Research methodologies, and would be pleased to answer any questions/queries regarding the Poll results. Data results are accurate to a margin of error of +/-3.1% at 95% confidence.

	<p>QUESTION 1 (BT). Currently Government documents, Letters etc., are issued in English, Irish, and Ulster-Scots. Do you agree with this? A = Yes - All 3 Languages, B = Irish and English only, C = Ulster-Scots and English only, D = English only, E = No Opinion.</p>

Poll Question Results: LucidTalk – BELFAST TELEGRAPH POLL PROJECT - May 2012.

Standard Results - referenced by Residence area, Gender, Socio-Economic group, Age-Group, and Religion.

The enclosed results show the summary results from the 14 Poll Questions agreed with the Belfast Telegraph as part of the current Northern Ireland Poll Project. The Poll was carried out by LucidTalk Limited, who interviewed a random sample of 1,267 Northern Ireland residents, aged 18+, who were resident in 6 selected areas of Northern Ireland referenced by Post-Code area (see below). The Poll was carried out by telephone between May 6th & May 26th 2012.

The results have been weighted to be representative of the whole adult population of Northern Ireland.

LucidTalk are members of the British Polling Council (BPC) and follow professional Polling and Market Research methodologies, and would be pleased to answer any questions/queries regarding the Poll results. Data results are accurate to a margin of error of +/-3.1% at 95% confidence.

	QUESTION 8 (BT). The NI Assembly has a higher number of members at 108, than other UK Regional assemblies. Would you like to see the number of MLA's?, A = Remain the same, B = Reduced to between 90-108, C = Reduced to below 90, D = Stormont should be abolished, and direct rule returned.

Poll Question Results: LucidTalk – BELFAST TELEGRAPH POLL PROJECT - May 2012.

Standard Results - referenced by Residence area, Gender, Socio-Economic group, Age-Group, and Religion.

The enclosed results show the summary results from the 14 Poll Questions agreed with the Belfast Telegraph as part of the current Northern Ireland Poll Project. The Poll was carried out by LucidTalk Limited, who interviewed a random sample of 1,267 Northern Ireland residents, aged 18+, who were resident in 6 selected areas of Northern Ireland referenced by Post-Code area (see below). The Poll was carried out by telephone between May 6th & May 26th 2012.

The results have been weighted to be representative of the whole adult population of Northern Ireland.

LucidTalk are members of the British Polling Council (BPC) and follow professional Polling and Market Research methodologies, and would be pleased to answer any questions/queries regarding the Poll results. Data results are accurate to a margin of error of +/-3.1% at 95% confidence.

**MOMENTUM (Northern Ireland's ICT Representative organisation) - Poll Question Results:
LucidTalk – BELFAST TELEGRAPH POLL PROJECT - May 2012.**

Standard Results - Referenced by Residence area, Gender, Socio-Economic group, Age-Group, and Religion.

The enclosed results show the summary results from the 5 Poll Questions agreed with MOMENTUM as part of the current Northern Ireland Belfast Telegraph Poll Project. The Poll was carried out by LucidTalk Limited, who interviewed a random sample of 1,267 Northern Ireland residents, aged 18+, who were resident in 6 selected areas of Northern Ireland referenced by Post-Code area (see below). The Poll was carried out by telephone between May 6th & May 26th 2012. The results have been weighted to be representative of the whole adult population of Northern Ireland.

LucidTalk are members of the British Polling Council (BPC) and follow professional Polling and Market Research methodologies, and would be pleased to answer any questions/queries regarding the Poll results. Data results are accurate to a margin of error of +/-3.1% at 95% confidence.

	QUESTION 2 (Momentum). How would you grade the Computer and Technology industrial sector, in terms of growth and jobs, in comparison to other industrial sectors in NI, eg Agri-Food, Manufacturing etc., A = Most Important, B = Very Important, C = Neutral, D = Less importance, E = No Importance, F = No Opinion.
